

ABSTRACT

TITLE : IMPLEMENTATION OF RAPID APPLICATION DEVELOPMENT (RAD) METHOD IN DESIGNING MANAGEMENT INFORMATION SYSTEM ADMINISTRATION INFORMATION SYSTEM FOR TUITION PAYMENT WEB-BASED STUDENT TUITION PAYMENT ADMINISTRATION SYSTEM STUDY CASE STUDY: SMK-E ADI KARYA

STUDENT NAME : AHMAD NAFIS

STUDENT NUMBER : 19101152610278

STUDY PROGRAM : INFORMATION SYSTEMS

EDUCATION LEVEL : BACHELOR DEGREE

MENTOR : 1. Gushelmi S.Kom, M.Kom
2. Dinul Akhiyar, S.Kom, M.Kom

SMK-E Adi Karya is a vocational school located at, Air Haji, District. Linggo Sari Baganti, Pesisir Selatan Regency, West Sumatra 25668. Through research conducted by researchers, problems were found in the process of paying student tuition fees that were not effective and also did not utilize information systems in processing payment data, so it was necessary to design a payment information system at SMK-E Adi Karya. With this system, the school can easily process payment data at their school, so that it can run more effectively, efficiently quickly, safely and can increase the progress of information technology at SMK-E Adi Karya school.

2. Dinul Akhiyar, S.Kom, M.Kom

SMK-E Adi Karya merupakan sekolah kejuruan yang berlokasi di, Air Haji, Kecamatan. Linggo Sari Baganti, Kabupaten Pesisir Selatan, Sumatera Barat 25668. Melalui penelitian yang dilakukan peneliti ditemui permasalahan dalam proses pembayaran uang sekolah siswa yang belum efektif dan juga belum memanfaatkan sistem informasi dalam pengolahan data pembayaran, sehingga perlu dirancang sistem informasi pembayaran di SMK-E Adi Karya. Dengan sistem ini pihak sekolah dapat dengan mudah melakukan pengolahan data pembayaran di sekolah mereka, sehingga bisa berjalan lebih efektif, efisien cepat, aman dan dapat meningkatkan kemajuan teknologi informasi di sekolah SMK-E Adi Karya.
