

ABSTRAK

Indonesia memiliki banyak pahlawan nasional yang berkontribusi dalam berbagai bidang, salah satunya adalah Hajjah Rangkayo Rasuna Said. Rasuna Said, yang lahir di Maninjau, Sumatera Barat, dikenal sebagai tokoh yang memperjuangkan hak-hak perempuan serta aktif dalam dunia politik pada masa pemerintahan Hindia Belanda. Namun, seiring berjalannya waktu, sejarah perjuangannya semakin jarang terdengar, terutama dalam materi pendidikan sejarah, sehingga banyak remaja yang kurang mengenalnya. Kurangnya buku biografi yang membahas secara mendalam tentang Rasuna Said menjadi salah satu faktor yang menyebabkan namanya kurang dikenal dibandingkan pahlawan lainnya. Penelitian ini bertujuan untuk merancang buku ilustrasi biografi Rasuna Said sebagai media yang efektif dalam memperkenalkan sejarah dan perjuangannya kepada remaja, khususnya di Sumatera Barat. Buku ilustrasi dipilih karena mampu menyajikan informasi sejarah dengan cara yang lebih menarik dan mudah dipahami. Melalui perancangan ini, diharapkan buku ilustrasi dapat meningkatkan minat remaja untuk mengenal lebih jauh tentang Rasuna Said serta memahami nilai-nilai perjuangan yang dapat dijadikan inspirasi dalam kehidupan mereka.

Kata Kunci: Rasuna Said, Pahlawan Nasional, Buku Ilustrasi, Sejarah.

ABSTRACT

Indonesia has many national heroes who have contributed to various fields, one of whom is Hajjah Rangkayo Rasuna Said. Born in Maninjau, West Sumatra, Rasuna Said was known as a figure who fought for women's rights and was actively involved in politics during the Dutch East Indies colonial rule. However, over time, her historical struggle has become less recognized, especially in history education materials, resulting in many young people being unfamiliar with her legacy. The lack of biographical books that discuss Rasuna Said in depth is one of the factors that make her name less well-known compared to other national heroes. This study aims to design an illustrated biographical book about Rasuna Said as an effective medium for introducing her history and struggles to teenagers, particularly in West Sumatra. The illustrated book is chosen because it presents historical information in a more engaging and easily understandable way. Through this design, it is hoped that the illustrated book will increase young people's interest in learning more about Rasuna Said and understanding the values of her struggle, which can serve as an inspiration in their lives.
