

ABSTRAK

Penelitian ini bertujuan untuk mendeskripsikan dan mengestimasi analisis rasio keuangan dan *dividend per share* terhadap harga saham pada perusahaan pertambangan pada tahun 2013-2017.

Berdasarkan hasil uji hipotesis *current ratio* berpengaruh signifikan terhadap harga saham. *Debt to equity ratio* tidak berpengaruh terhadap harga saham. *Return on Asset* tidak berpengaruh terhadap harga saham. *Total Asset Turnover* dan *Dividend Per Share* berpengaruh positif terhadap harga saham. *Current Ratio*, *Debt to Equity Ratio*, *Return on Asset*, *Total Asset Turnover* dan *Dividend Per Share* secara bersama-sama berpengaruh terhadap harga saham pada Perusahaan Pertambangan yang terdaftar di Bursa Efek Indonesia tahun 2013-2017. Perusahaan diharapkan mampu meningkatkan harga saham dengan mempertimbangkan mengenai *current ratio*, *debt to equity ratio*, *return on asset*, *total asset turnover*, dan *dividend per share* agar investor tertarik untuk menanamkan sahamnya pada perusahaan yang diinginkan.

Kata kunci : harga saham, current ratio, debt to equity ratio, return on asset, total asset turnover, dividend per share

ABSTRACT

This study aims to describe and estimate financial ratio analysis and dividends per share of stock prices in mining companies in 2013-2017.

Based on the results of hypothesis testing, the current ratio has a significant effect on stock prices. The ratio of debt to equity is not approved for the stock price. Return on assets is not targeted at stock prices. Total Asset Turnover and Dividends Per Share assumes a positive share price. Current Ratio, Debt Ratio to Equity, Asset Returns, Total Asset Turnover and Dividend Per Share on the stock price in Mining Companies listed on the Indonesia Stock Exchange in 2013-2017. The company is expected to be able to increase stock prices by considering the current ratio, debt to equity ratio, return on assets, total asset turnover, and dividends per share so that investors are interested in investing their shares in the desired company.

Keywords: stock price, current ratio, debt to equity ratio, return on assets, total asset turnover, dividends per share
