In order to cover part of the publication cost, each accepted paper is charged USD 315. This charge is for the first 8 pages, and any published manuscript over 8 pages will incur extra charges of USD 50 per page. Indonesian authors should transfer IDR instead of USD. (Please refer to <https://www.xe.com> for the exchange rate.) We value collaborative papers and do not value papers with a single (sole) author. Papers with a single author will be rejected (or, if very good, will be considered for publication but will be charged twice the above fee: USD 530, and any published manuscript with more than 8 pages will incur additional charges of USD 100 per page).

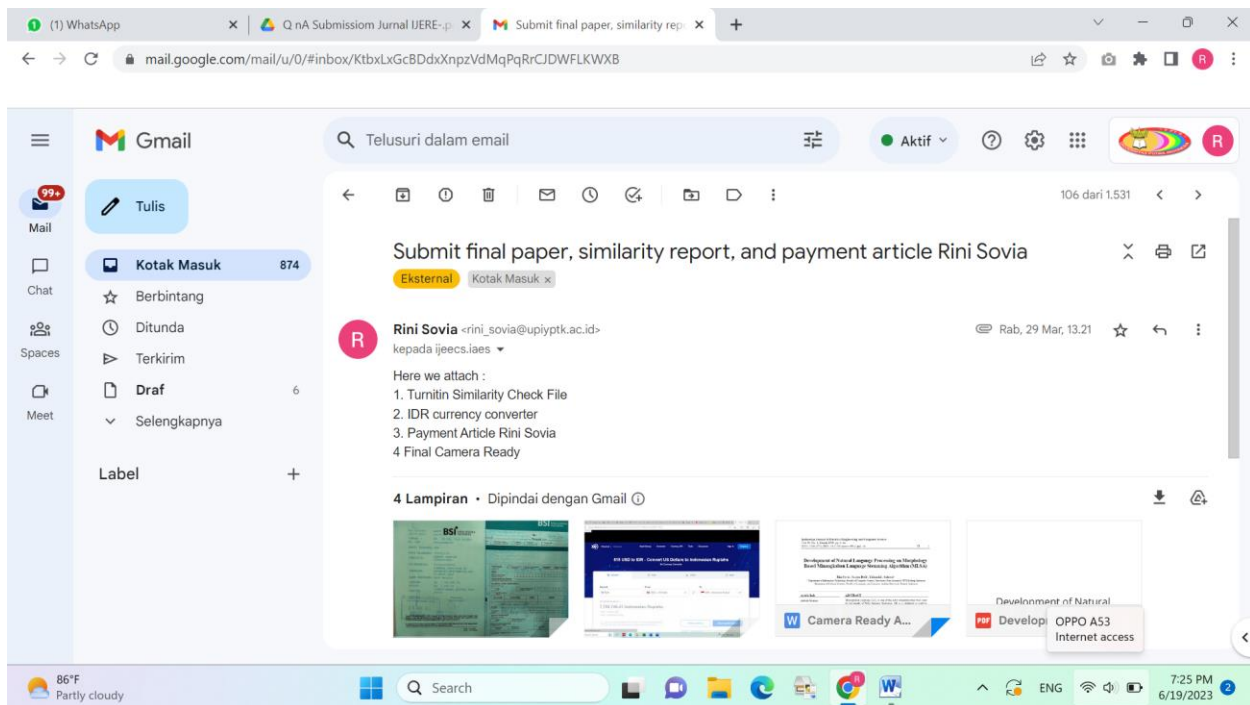

The payment should be made by bank transfer (T/T):
