. There are at least two types of coronavirus that are known to cause diseases that can cause severe symptoms, *such as Middle East Respiratory Syndrome (MERS) and Severe Acute Respiratory Syndrome (SARS)*. Common signs and symptoms of Covid-19 infection include symptoms of acute respiratory distress such as fever, cough and shortness of breath. *Covid-19* social assistance is a national program from the government for the vulnerable affected by *Covid-19* during the PSBB period. Currently, the government is providing special social assistance for the lower middle class in dealing with the *Covid-19* pandemic. The assistance was in the form of non-cash assistance in the form of food packages and cash assistance in the form of money. This assistance was aimed at easing the burden on the people when facing this pandemic. Government assistance in this research was assistance in distributing covid funds. It is hoped that with this assistance the community will be helped a little in dealing with this covid pandemic.

Ada setidaknya dua jenis coronavirus yang diketahui menyebabkan penyakit yang dapat menimbulkan gejala berat seperti *Middle East Respiratory Syndrome* (MERS) dan *Severe Acute Respiratory Syndrome* (SARS). Tanda dan gejala umum infeksi *Covid-19* antara lain gejala gangguan pernapasan akut seperti demam, batuk dan sesak napas. Bantuan social *Covid-19* adalah program nasional dari pemerintah kepada rentan yang terdampak *Covid-19* selama masa PSBB. Saat ini pemerintah memberikan bantuan social khusus untuk masyarakat golongan menengah ke bawah dalam menghadapi pandemic *Covid-19* ini. Bantuan tersebut ada yang berupa bantuan non tunai berupa paket sembako dan bantuan tunai berupa uang. Pemberian bantuan ini bertujuan untuk meringankan beban rakyat saat menghadapi pandemic ini. Bantuan pemerintah di dalam penelitian ini adalah, bantuan penyaluran dana covid. Di harapkan dengan bantuan ini masyarakat akan sedikit terbantu dalam menghadapi pandemic covid ini.
