

## ABSTRAK

Penelitian ini bertujuan untuk mengetahui seberapa besar pengaruh *Corporate Social Responsibility (CSR)*, *intellectual capital*, dan ukuran perusahaan terhadap profitabilitas perusahaan pertambangan yang terdaftar di BEI. Populasi dalam penelitian ini adalah seluruh perusahaan pertambangan yang terdaftar di BEI tahun 2017 sampai 2019. Sedangkan sampel penelitian ini ditentukan dengan metode *purposive sampling* sehingga diperoleh 36 sampel. Jenis data yang digunakan adalah data sekunder yang diperoleh dari BEI. Metode analisis yang digunakan adalah analisis regresi berganda serta pengolahan data menggunakan *eviews 10*.

Berdasarkan Hasil Penelitian Didapatkan Bahwa Secara parsial terdapat pengaruh antara *corporate social responsibility* terhadap profitabilitas. Secara parsial tidak terdapat pengaruh antara *intellectual capital* terhadap profitabilitas. Secara parsial terdapat pengaruh antara ukuran perusahaan terhadap profitabilitas. Variabel *corporate social responsibility*, *intellectual capital*, dan ukuran perusahaan secara bersama-sama berpengaruh positif dan signifikan terhadap profitabilitas pada perusahaan sektor pertambangan yang terdaftar di BEI tahun 2017– 2019.

**Kata Kunci:** Profitabilitas, *Corporate Social Responsibility (CSR)*, *Intellectual Capital*, Ukuran Perusahaan

## **ABSTRACT**

*This study aims to determine how much influence Corporate Social Responsibility (CSR), intellectual capital, and company size have on the profitability of mining companies listed on the IDX. The population in this study were all mining companies listed on the Indonesia Stock Exchange from 2017 to 2019. Meanwhile, the sample of this study was determined by the purposive sampling method so that 36 samples were obtained. The type of data used is secondary data obtained from the IDX. The analytical method used is multiple regression analysis and data processing using eviews 10.*

*Based on the results of the study, it was found that partially there is an influence between corporate social responsibility on profitability. Partially there is no influence between intellectual capital on profitability. Partially there is an influence between company size on profitability. The variables of corporate social responsibility, intellectual capital, and company size together have a positive and significant impact on the profitability of mining sector companies listed on the Indonesia Stock Exchange in 2017–2019.*

**Keywords:** *Profitability, Corporate Social Responsibility (CSR), Intellectual Capital, Company Size*
